motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the stomach muscles, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 407 Lamar Bidg., Atlanta, Ga., for a most Interesting book of information to prospective mothers. It is mailed free. Write today.
